

I'm Frank Amore and the current Vice President of Local 32. I began my aviation career in 1984 at Northrup Grunman and then later hired at United Airlines in 1987, where I worked for 15 years. I have worked at Southwest Airlines for 13 years as an Aircraft Mechanic. I'm a proven leader that has served as shop rep, committee member and Vice President.

It is important to have strategies in place prior to making commitments, so that we are operationally ready for the outcome. Our local is involved in many important matters and I clearly understand our responsibility. I am a firm believer of being involved in the membership which includes visiting stations where our members are located. Everyone has an equal voice. I intend on overseeing and ensuring that tasks are seen through until the completion and can make clear and precise decisions that will be in the best interest of each Member. I stand firm of our profession. I am very committed to standing by the truth and preservation of our Local. I realize that there are important decisions for our future being made at the Local level and will offer my highest level of dedication and responsibility. I ask that you vote for Frank Amore as President.
