

Hello, my name is Vince (Vinny) Benton, and I am honored to seek your endorsement to represent Local 32 at the upcoming national convention. For the past six years, I have proudly served as a local officer, Vice President & Treasurer, and had the distinct privilege of being the first Area Representative in Denver. During my tenure, I have witnessed firsthand the remarkable growth and transformation that the Aircraft Mechanics Fraternal Association (AMFA) has brought to our craft in the aviation industry.

AMFA's success is deeply rooted in the active participation of its members, and the national convention, occurring once every four years, presents a crucial platform for us to influence how our union operates and to shape the rules and values that guide AMFA. I am committed to representing your interests and ensuring that our voices are heard at this significant event. Together, we can strengthen our union and advocate for the improvements that matter most to our members. I kindly ask for your support to send me as your dedicated representative to the national convention, where I will champion our shared cause.

In solidarity,

Vinny.
