I wanted to provide an update on both ASA and SWA.

ALASKA- Your Merger Committee just wrapped up a couple of long 18-hour days at the Hawaiian hangar in HNL. A big thank you to both management teams for allowing us access for Q&A. The Committee met with over 100 Hawaiian techs, making solid progress in educating them about how AMFA operates and what to expect. Keep an eye out for a Webinar on April 15th-Local 14 and 32 members are encouraged to tune in and ask questions. AMFA remains committed to transparency and keeping you informed every step of the way.

SOUTHWEST- For the first time in 54 years, Southwest has started laying off union members. We've been assured that our group isn't a target, but we're staying vigilant as things unfold week by week. I'll share more information as soon as it becomes available.

Reminder to Area Reps and Shop Reps:

Please post this update on bulletin boards and keep your ALR and/or LEC informed of any developments in your station. You're our eyes and ears on the ground- we rely on you to help us stay connected and support our members, both in good times and challenging ones.

Stay safe and engaged

Smitty

President Local 32
