Local 32 Members,

I want to take a moment to recognize and thank every member of Local 32 for your professionalism, dedication to our craft and your commitment to safety. Every day you demonstrate the skill, integrity and pride that makes our Union strong. Your hard work ensures safety and reliability that our Airlines and traveling public depend on. I am proud to be partners with you!

I also want to acknowledge our Local 32 Leadership team. Your countless volunteer hours of service to not go unnoticed.

As we look ahead, we know negotiations with both Airlines will be challenging. The road ahead will not be easy, but we will approach the bargaining table with determination, preparation and a clear focus on securing contract improvements we all deserve. Your negotiating committee along with this LEC will continue to fight tirelessly on everyone's behalf.

Rest assured we have your back, we remain transparent keeping you informed throughout the process. We will never lose sight of who we represent- you the members of Local 32.

Thank you for your continued trust, your solidarity and your support. Together we will meet the challenges ahead and continue building a stronger future for everyone.
You are Appreciated!!

In Solidarity
Craig "Smitty" Smith
President
AMFA Local 32
