To the Membership of AMFA Local 32,

As we continue to navigate the challenges of our profession and our Airlines, I want to shine a spotlight on the backbone of our organization: The dedicated individuals who go above and beyond their daily responsibilities. I want to extend my sincere gratitude to the Local 32 members and the elected representatives who consistently volunteer their personal time and effort to serve our collective cause. Whether it is mentoring new members, giving a voice of reason when needed and all of the other contributions each of you do, that is what fuels this local to be the best.

Our strength has always been rooted in our unity and our willingness to look out for one another. When our Area and Shop reps step up to address concerns or when our members volunteer their own time to strengthen our solidarity, they are not just performing a task—they are protecting the standards and the future of every person in this union.

To those who volunteer:

Your commitment does not go unnoticed. You embody the spirit of Local 32, and your work ensures that our voice remains strong, respected, and effective.

To the rest of the membership:

I encourage you to reach out to these individuals and thank them for their service. Better yet, consider how you might contribute to our ongoing efforts. Our union is only as strong as our participation, and there is always a place for those willing to lend a hand.

Thank you for your hard work, your dedication, and your unwavering commitment to this Union and our local. Together, we continue to build a stronger future for Local 32.

Thank you

Craig "Smitty" Smith
President, Local 32
